TAP529/College Saving Plan Paym

[Home](#) [Cost & Financial Aid](#) [Billing & Payments](#) [Methods of Payment](#) **[TAP529/College Saving Plan Payments](#)**

If payment is coming from a TAP529 or other College Saving Plan, and will not arrive by the tuition due date, a written confirmation of the funds availability must be received. This may be either the confirmation page of the funds request or a letter directly from the savings plan. Classes will not be guaranteed if the confirmation is not received by the tuition due date.

The written documentation must include:

- Student name and address
- Student ID number
- Available/Authorized amount
- Semester and year
- Check number and date mailed, if applicable

Documentation must be provided each semester. If the savings plan will not satisfy the entire balance due, the student will be responsible for paying the remaining balance by the tuition due date.

If 529 funds received are greater than the student tuition charges any excess funds will be refunded to the student. The student is responsible for the proper handling and return of the excess funds back to their 529 Administrator if necessary. The student/family is responsible for any of the refund and any penalties or taxes that may be due if not properly handled and returned to their 529 Administrator. (Contact your 529 Administrator for additional questions)

Excess 529 Funds are refunded after the last day to add Mid-term classes for the semester. Refunds can be refunded earlier if requested by the student. Refunds are processed within 10 business day of request

Documentation may be mailed or faxed to:
